ENGLISH BREAKFAST Richness that is expected for this most classic of blends. Robust, punchy, flavoursome.

ASSAM Largest tea-growing region in the world, producing great breakfast tea that goes well with milk and is prized for its rich, malty, and robust cup character. Assam tea's strong character makes it the perfect base for Chai tea, or as the locals call it, Masala tea.

EARL GREY A delicious combination of Ceylon and Bergamot oil. The black tea base has a natural lemon and lime profile that complements the bergamot to deliver a citrus explosion.

DECAFFEINATED BREAKFAST TEA A version of English Breakfast delivers the feeling of comfort and warmth, allowing milk to be added to your hearts content, without the effect of caffeine.

MINT GREEN This blend combines the finest rubbed peppermint leaf with Chinese green tea.

CHAMOMILE A caffeine-free golden infusion with a sweet blossom fragrance. Cherished for its calming properties and typically drunk late afternoon and early evening to unwind at the end of the day.

TURMERIC AND GINGER Most popular caffeine free infusions. Containing rooibos, turmeric and ginger it delivers a sweet blanketed caffeine-free cocktail of the reknown roots.

LEMON AND GINGER A powerful and uplifting infusion that combines the fiery warmth of ginger with the zesty refreshing flavours of lemon. We have added lemon balm to this blend to bring a soothing, herbal quality that rounds off the flavours perfectly.

PEPPERMINT Peppermint is proven to be calming and soothing to the digestive system. It is naturally caffeine-free.
